

The God Of The Sea.

Master Shark was nasty and so was Master Bird. They were in the sea the deep sea. It was very cold and calm.

Everything was scared of Master Shark. The sharks were scared too. Master Bird loves to eat fish and birds.

The God of the Sea was happy and always tried to make peace.

Master Shark was friends with

Master Bird they hadn't eaten for a 1000 years. They were the hungriest bird and shark in the sea. What can we do? Eat some fish they thought but how? They are so good at dodging. "We can sneak up on them" said Master Bird. They were so close to eating one. What is that? A huge shadow passed over them. "Oh no" they cried, we've woken the God of the Sea!

It made a huge wave. Master Shark and Master Bird became trapped in a cave when a huge rock fell over the way out.

The fish were so happy they said thanks to The God of the sea "Will you always save us" "Yes I will" he said and all the little fish were so happy.

The end.
